

Reclaim your Revenue

Airgas Refrigerants becomes a single resource for you and your customers.

When you become a ReKlaim® Collection Center, you have access to products, services and technical support you can only get from partnering with Airgas Refrigerants, the leading distributor of refrigerant gases in the country.

Airgas Refrigerants carries a complete line of CFC, HCFC and HFC refrigerants, including blends and alternative refrigerants, all available for next day delivery from our nationwide distribution network.

Your customers, the contractors and technicians who you see every day, will appreciate a single trip to pick up product and drop off returns of used refrigerant gas.

Ultimately, you create a revenue stream, which is good for your business, while providing a convenient one-stop shopping experience for your customer, which is good for their business.

Contact us today and turn used and unwanted refrigerants into cash.
